

JOHN GOLDMAN AWARD FOR BEST ABSTRACT PRESENTATION

**Are you a Haematology Registrar or Scientist
working in the field of Transplantation?**

Why don't you submit an abstract for the Annual BSBMT Scientific Meeting on 7th May 2015?

Up to six abstracts (3 clinical, 3 science-based) will be chosen for oral presentation and the presenters of the best abstracts in each category will be awarded a prize for £500. This competition is a great opportunity to present your findings to an expert audience and to enhance your CV!

The abstract may relate to any clinical or scientific aspects of stem cell transplantation and should include a title, names and affiliations of authors and contact details (email address and telephone number). The body of the abstract should be no more than 300 words long. The first author (and presenter of the abstract) must have made a significant contribution to the contents of the abstract and be under the age of 40.

Abstracts should be submitted by email as a Word document to Dr Karl Peggs: email address karl.peggs@ucl.ac.uk by midnight on Thursday 16th April.
